Complete Solution in Surface Coating

Dear Sir,

We introduce ourselves as one of the leading manufacturers of **surface coating plants, equipments and accessories.**

For over a decade we have been catering to the coating needs of the industry assisted by a team of dedicated engineers and technicians.

The activity involves designing; manufacturing, erection and commissioning the surface coating plants on turn key bases. The assignment also includes testing of the products at its final destination with the parameters decided upon.

We have been in the business of surface coating for long time (Formerly known as Raja Systems).

ACIPL specializes in providing tailor made solutions to the coating requirements of the customer.

The solutions offered by us are proposed only after detail study of the final requirement of the product, which enables us to have absolute clarity of the project in the beginning enabling us to deliver the final product within shortest possible time.

We have executed many projects on turnkey basis in record time for various applications in automobile industries, home appliances industries etc.

We now request you to go through the enclosed product range and the various products and send us your valuable enquiry in order to give us an opportunity to have yet another satisfied customer to the list of our esteemed customers.

Thanking you and looking forward to hear from you soon,

Yours Faithfully,

For ACE COATING INDIA PVT. LTD.

Sd/-

Parag Apte
